

Our Distribution

At Homes & Land, distribution is a key component of our marketing strategy. We don't put our distribution racks just anywhere! Using a carefully planned combination of strategic locations, we feel confident in saying we reach highly qualified buyers and sellers each day in our market.

Our goal is to reach consumers (or active buyers/sellers) where they work, shop, and play:

- Strategic high traffic locations
- Interactive digital media
- Targeted direct mail
- Selected business partners

We have over 150+ indoor and outdoor racks strategically located throughout Tallahassee and surrounding counties.

- Chamber of Commerce
- Select Builders Offices
- Realtor Offices
- Board of Realtors
- Select Post Offices
- Popular Restaurants & Convenient Stores
- I-10 Rest Stops
- State and Federal Buildings
- Targeted Direct Mail Program
